CONTRIBUTION ELECTION

To change the **amount** of your pay you want contributed to your salary deferral elective contribution account under the Plumbing and Pipefitting Industry Retirement Plan of Kansas (the "Plan") for each hour you work or to reduce it to zero, indicate the new amount below. In some cases the Tax Code may further limit your contributions. If a change needs to be made, you will be asked for another election. **You are eligible to make salary deferral contributions only if you are a covered employee working under a collective bargaining agreement with the Union that allows such contributions or if you are a Union, JAC, or Fund employee and your participation agreement allows such contributions.**

First Year Apprentices: None

All Other Eligible Employees: \$ _____

Please note: Contribution elections must be made in \$0.25 increments and may not exceed the maximum amount permitted by law for the applicable year.

If you have elected to reduce your elective salary deferral contribution rate to zero, your election will be effective as of the first day of the first payroll period after this completed form is received by the Plan Administrator or the Union.

NOTE: You may, at any time, reduce your elective salary deferral contribution rate to zero. You may make any other change in your contribution rate twice each year, from **January 1 to January 15**, to be effective as of your employer's first payroll period beginning in February and **June 1 to June 15**, to be effective as of your employer's first payroll period beginning in July. **No change will be effective until it is received in the Plan Administrator's office, or at the Union office. Elections postmarked after January 15 and June 15 will not meet these deadlines.**
